RESEARCH SUMMARY

Environmental scientist specializing in waste-to-energy (WtE) conversion and refuse-derived fuel (RDF) production. My academic path moved from Zoology, understanding the mechanisms of life, to Environmental Sciences, designing frameworks for its survival by solving real-world sustainability problems. Alongside this, I built a separate skill set in IT. My M.Phil. research was focused on RDF pelletization, HHV estimation, and life cycle assessment, and I'm now seeking to extend this work through doctoral research in waste valorization and clean energy systems.

EDUCATION

• Master's in Environmental Sciences (M.Phil.)

Kohat University of Science and Technology, Pakistan

[2023 - 2025]

Grade: 3.59/4.00 CGPA

Thesis Title: Harnessing Refuse-Derived Fuel From Organic Municipal Solid Waste

Skills and Methods: Proximate Analysis, High Heating Value Estimation, RDF Pelletization, LCA (GaBi).

Major courses: Solid and Hazardous Waste Management, Advanced Research Methods, Climate Change Adaptation and Mitigation, Analytical Techniques, Strategic Environmental Assessment, Remediation Strategies for Contaminated Environment, Population Dynamics, Applied Microbiology.

• Bachelor's in Zoology (BS)

University of Swat, Pakistan

[2018 - 2022]

Grade: 3.34/4.00 CGPA

Thesis Title: Taxonomic Identification of Spider Families in District Swat, Pakistan

Skills and Methods: Sampling, Morphological Identification, Microscopic Examination, Specimen Preservation.

Major courses: Environmental Biology, Research Methodology, Biostatistics, Biological Techniques, Bioinformatics, Biochemistry, Evolution, Microbiology, Parasitology, Entomology, Zoogeography.

• Diploma in Information Technology (1 year - Evening)

Trade Testing Board Peshawar, Pakistan

[2020 - 2021]

Grade: 1229/1400 Marks

Thesis Title: Preparation of a Website for Super Store

Skills and Methods: Website Design and Development, Office Automation, Digital Marketing.

Major courses: Office Automation, Computer Programs: C/C++, Graphic Design, Computer Network, Operating System, Introduction to Database, MS Access, E-Commerce, Web Technology (HTML).

EXPERIENCE

• Co-Founder and Administrator

[Feb 2026 – Present]

Rights Into Reality Organization, Pakistan

Website: rightsintoreality.org

Description: Youth-led organization advancing quality education, climate action, digital literacy, legal awareness, and civic engagement via community empowerment and practical, locally driven initiatives for sustainable development.

• Teaching Experience (2.5 years)

[2023 – 2025]

Biology Teacher (Higher Secondary Level - Pre-Medical)

University Model School and College, Kohat-Pakistan

Role: Delivered lectures, assisted practicals in lab, and designed academic assessments.

• Research Associate (6 months)

[2024]

Department of Environmental Sciences

Kohat University of Science and Technology, Kohat-Pakistan

Project: A sustainable solid waste management plan for Kohat University of Science & Technology.

Role: Conducted data collection and waste characterization, proposed resource recovery strategies, and co-authored the final technical report with evidence-based recommendations for campus waste management.

- **Internship** (2 months) [2023]
Water and Sanitation Department
Tehsil Municipal Administration, Swat-Pakistan
Role: Assisted the development of wastewater and municipal solid waste management strategies.

PUBLICATIONS

Mian, N.S., Waqas, M., Nawab, J., Khan, A. Harnessing Refuse-Derived Fuel from Organic Municipal Solid Waste: Empowering Energy Solutions in Developing Countries.
Submitted to: Bioresource Technology Reports (Elsevier)
Status: Under Review

CONFERENCE ABSTRACT

Harnessing Refuse-Derived Fuel From Organic Municipal Solid Waste: Empowering Energy Solutions in Developing Countries
Presented Orally at: 3rd Global Science Technology and Management Conference (GSTMC), 2025
Published in Conference Abstract Book (ISBN: 978-627-94626-1-9, DOI:10.13140/RG.2.2.18813.47842)

CONFERENCES AND TRAININGS

- 12th International Youth Conference: Youth Solutions for a Changing World [2025]
International Organization of Youth, New York - USA | [Verify](#)
- Solid Waste Management; Issues and Options [2024]
National Centre for Rural Development, Government of Pakistan | [Verify](#)
- Sustainable Environment and Food Security in Changing Climate [2024]
Kohat University of Science and Technology, HEC Pakistan | [Verify](#)
- Local Conference of Youth (LCOY) [2023]
YOUNGO – UNFCCC (UN) | [Verify](#)
- Empowering Youth to Achieve Sustainable Development Goals [2023]
UN Habitat, Generation Next Network | [Verify](#)

CERTIFICATION

- Research Methodologies [2024]
Coursera - Queen Mary University of London, UK | [Verify](#)
- The Sustainable Development Goals – A global, transdisciplinary vision for the future [2024]
Coursera - University of Copenhagen, Denmark | [Verify](#)
- Renewable Energy [2023]
Coursera - University of Colorado, USA | [Verify](#)
- Circular Economy - Sustainable Materials Management [2023]
Coursera - Delft University of Technology and other institutions, Netherlands | [Verify](#)
- Municipal Solid Waste Management in Developing Countries [2023]
Coursera - The Swiss Federal Institute of Technology, Switzerland | [Verify](#)
- Geographic Information Systems (GIS - Mapping) [2023]
Coursera - University of California-Davis, USA | [Verify](#)
- Other Variety of Certificates: drive.google.com/drive/folders/1TQQ87UAGupZ-GkhAvZxAsscO9EMO9s0m

LANGUAGES

English (IELTS Academics 7.0 - C1) | **Pashto** (Native Speaker) | **Urdu** (C2) | **Punjabi** (B2)

RECOMMENDATIONS

Dr. Muhammad Waqas

M.Phil. Supervisor

Assistant Professor of Environmental Sciences, Kohat University of Science and Technology, Pakistan

Email: waqaskhan@kust.edu.pk

Dr. Javed Nawab

M.Phil. Co-Supervisor

Professor of Environmental Sciences, University of Swat, Pakistan

Email: jnawab@uswat.edu.pk
